

# PLACES

## CONNECTIVITY TO NATURE

Take a look at the map and images and let us know if there are locations where adding trails, sidewalks and street crossings would help you better connect to nature. Possible ways already identified to solve connectivity challenges are shown as:

Planned Trails/Sidewalks  
 Identified Sidewalk/Trail Need  
 Identified Pedestrian Crossing Need

Build East Big Thompson River Trail

1

Build Madison Ave trail from Winona Elementary to Old St Louis Natural Area/Big Thompson River

2

Build Boise Ave sidewalk from Winona Elementary to Old St Louis Natural Area/Big Thompson River

3

Build sidewalk along 8th St SE from Recreation Trail to Old St Louis Natural Area/Big Thompson River

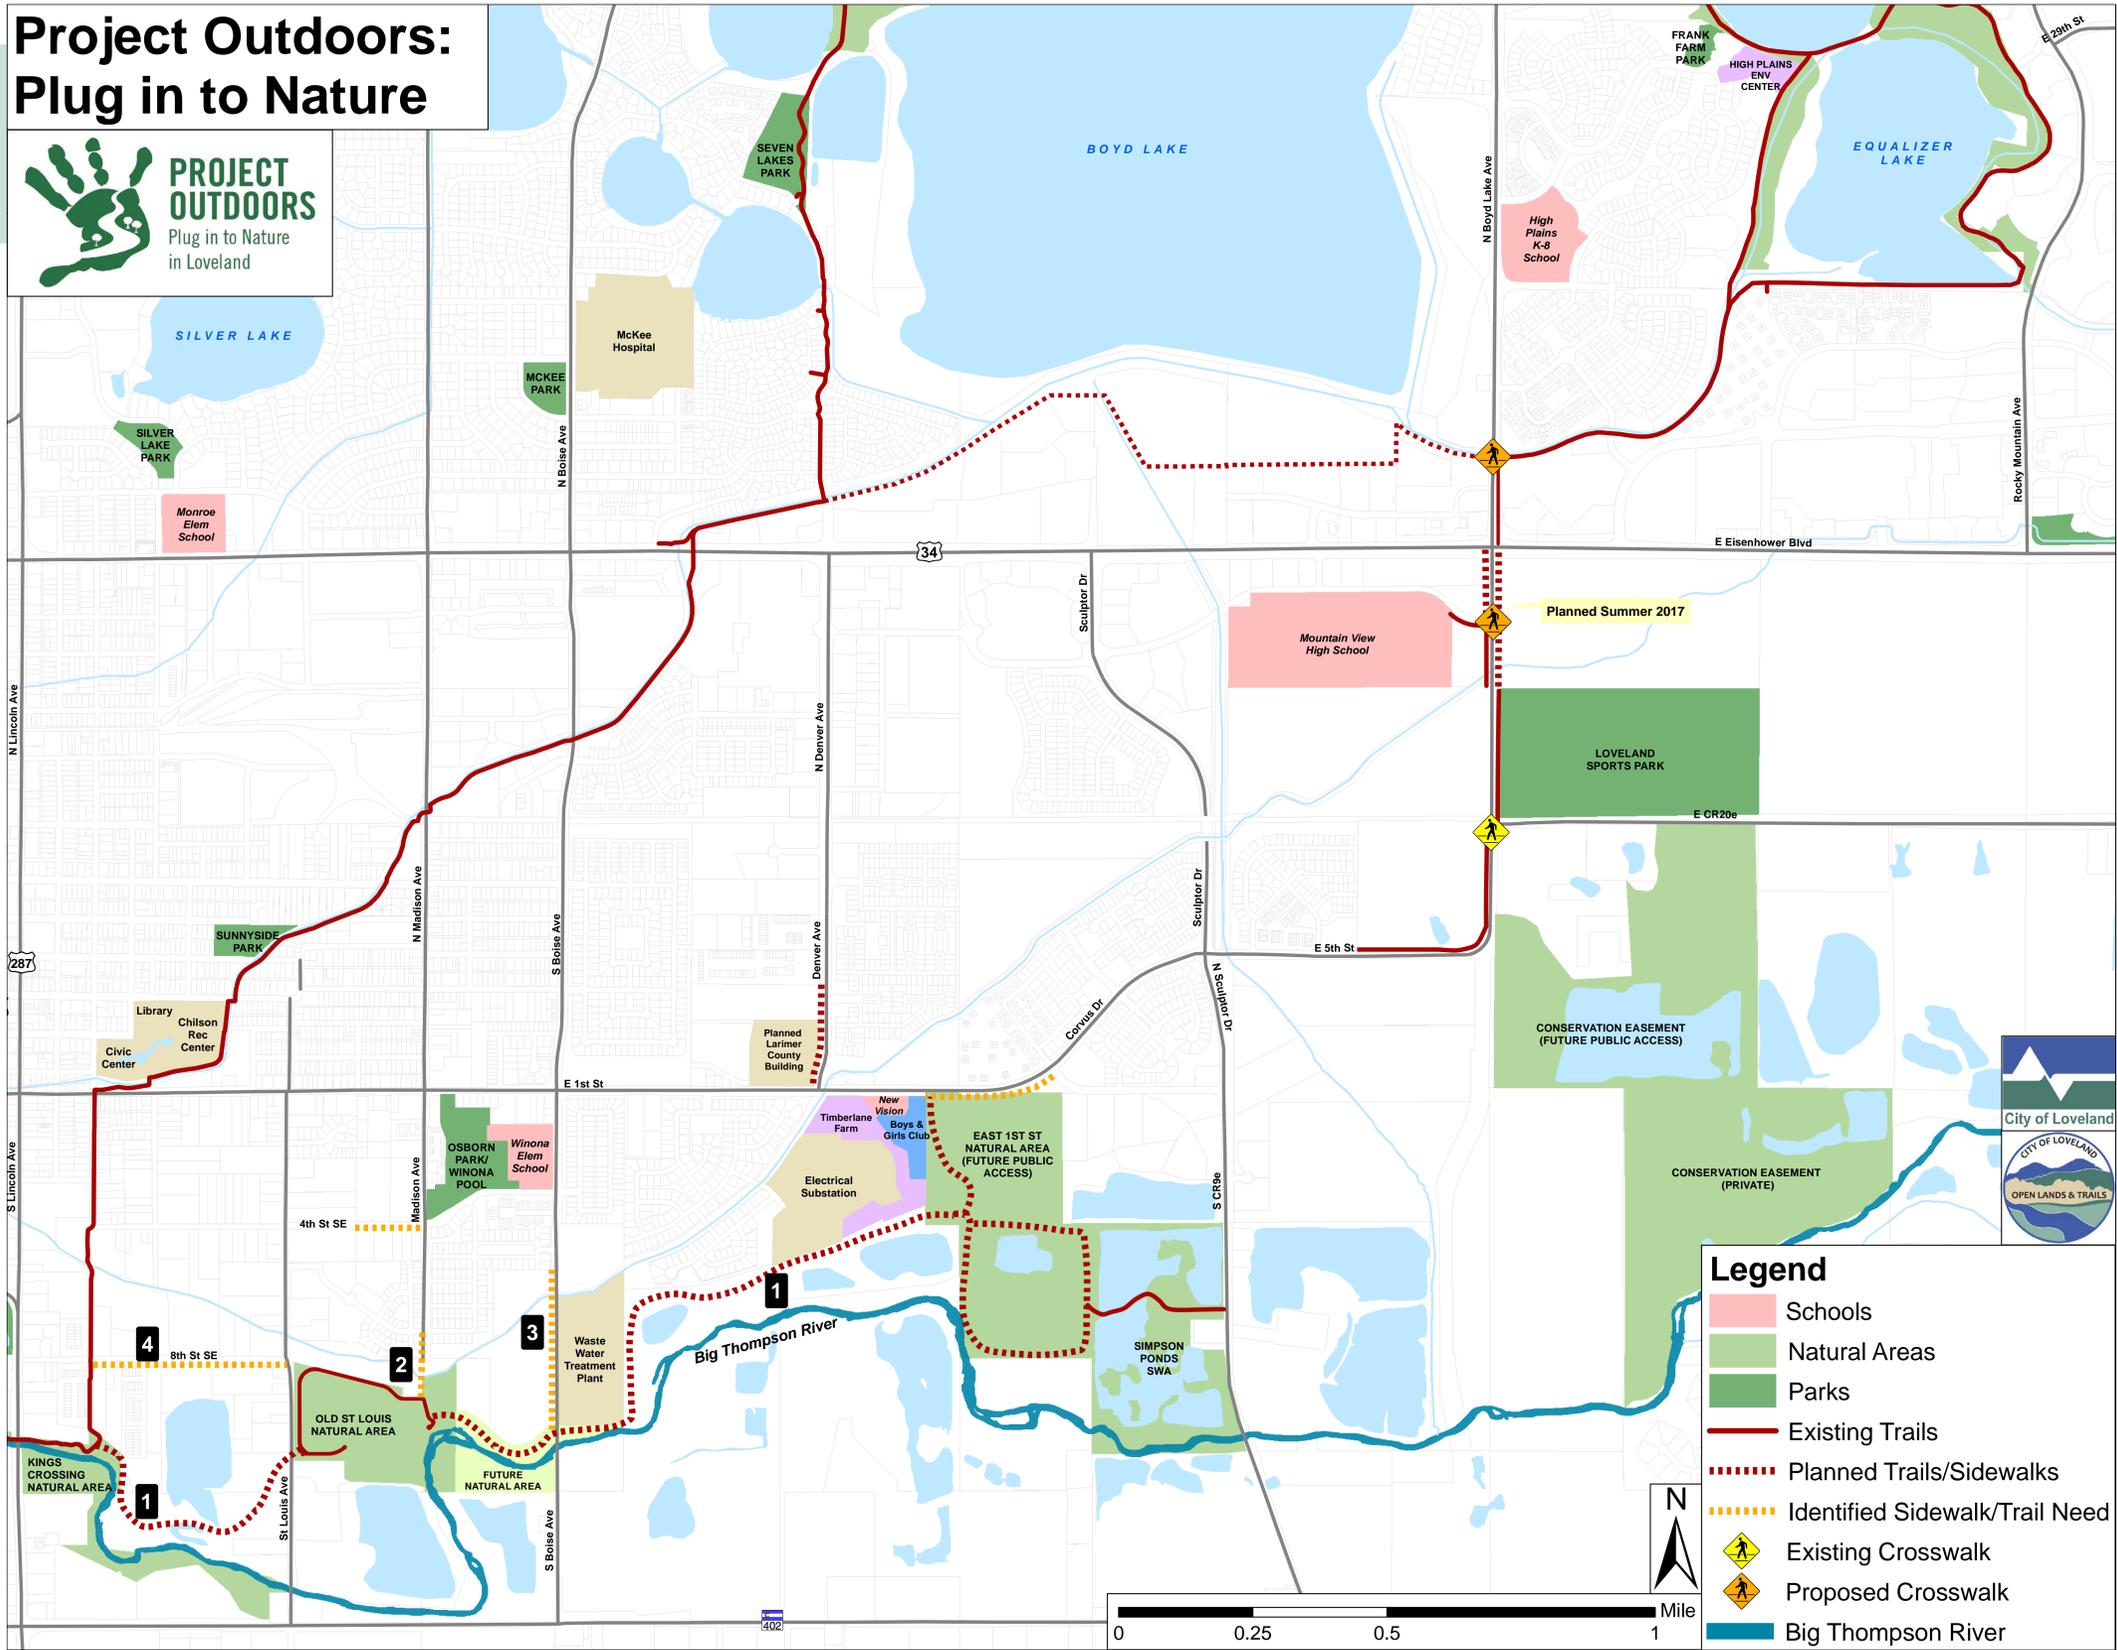

4

Build a Recreation Trail spur from Denver Ave to Boyd Lake Ave

5

### Project Outdoors: Plug in to Nature

Put it on a Post-it!

Use post-it notes to show or list other missing trails, sidewalks, or safe crossings needed to access parks, natural areas or the Big Thompson River corridor from your neighborhood.
