

Golf Loveland

Golf Can Be Fun If You...

- Choose to play from the tees that matches your ability. Golf is more enjoyable when you don't have to try to pull off a miracle every shot.
- Keep your eye on the ball and your head still.
- Try to avoid the trees. They may be mostly air—but what isn't—is brutal.
- Play away from the water. If you can't carry it, don't hit over it. Stay dry.
- Land your shots short of the green. Hitting over greens makes your life much more difficult. The greens are built to receive incoming shots from the front, not the back.
- Avoid the sand. It's a lot harder to play out of than it looks on TV.
- Remember short grass is always easier to hit from than long grass.

We care about your experiences on our golf courses. Please feel free to let us know how your round went by contacting our administrative offices at:

(970) 962-2643

or send an email to:

lovegolf@ci.loveland.co.us

Thank you again for choosing to Golf Loveland.

Welcome and thank you for choosing the Loveland Golf Courses.

The satisfaction of our customers is very important to us. Included on the following pages are great playing tips and ways to enjoy your game. Have fun and thanks again!

Pace of Play Policy

Our Play Managers are on the course to help all golfers enjoy their round by maintaining the pace of play set for this course.

- The Play Manager may greet you on the course. This does not mean you've done anything wrong. He's just trying to be friendly.
- If the Play Manager notices that you are having problems maintaining the pace of play, he may ask you to make modifications to your play that help you to regain an acceptable pace of play.
- If your group is really struggling, the Play Manager may ask you to skip a hole so that you can move back into position on the course.
- Please remember to play your 18-hole round within the play limit: 4 hours 30 minutes at Mariana Butte or 4 hours 25 minutes at The Olde Course at Loveland.
- Your cooperation is very much appreciated.

New to the Game? Not sure what tees to play from? May we suggest.....

I Usually Score ...	Suggested Tees
72—80 (Handicap 0—8)	Blue Tee
81—88 (Handicap 9—15)	White Tee
89—96 (Handicap 17—24)	Red Tee
97 & Over (Handicap 25 +)	Yellow Tee

Great Tips For Maintaining Your Pace of Play

BE READY TO HIT THE BALL...

- As soon as you reach the tee box.
- As soon as you reach your ball in the fairway.
- As soon as you reach your ball on the green.

DURING PLAY

- If your ball heads for trouble, mentally mark it by lining up spots ahead and behind. *Limit your search for a lost ball to 3 minutes.*
- Limit yourself to 1 practice swing.
- Using a “mulligan” to replay a shot or putt slows play. Do not use them.
- Always carry a spare ball in your pocket in case you need to hit a provisional.
- Move quickly to your ball between shots. Be prepared to hit when it is your turn.
- Club selection can be challenging. Try to decide what club you should use before you get to your ball. If you’re not sure, take 2 or 3 clubs to the ball with you.
- Save steps—park your cart or place your clubs on the side of the green closest to the next tee.

- Be ready to putt when it is your turn by observing the action of the other putts in your group. Please consider fixing at least one ball mark while you wait.
- If you’re not in a tournament, concede short putts within the length of the club grip.

OTHER TIPS

- Move off the green as soon as the last player holes out. Record your scores on the next tee.
- Everyone has a bad hole. If you are having problems on a hole and are headed for more than 3 over par (a triple bogey), pick up your ball, carry it to the green and then putt out.
- If you would like to learn to play better and faster, take lessons from a professional instructor. Your buddies may play well, but getting lessons from them on the course slows play.
- If you feel intimidated by the pace required, inquire at the pro shop about times when the course is less crowded and more relaxed.
