

SERVICE HOURS

DIAL-A-TAXI

Dial-A-Taxi is a flexible option for COLT riders who require last-minute trips beyond the boundaries of COLT's Dial-A-Ride service. Wheelchair-accessible vans are available and reservations can be made up to 24 hours in advance.

Dial-A-Taxi trips are like an ordinary taxi ride, providing you with door-to-door service with no restrictions on the destination.

COLT offers subsidies for these taxi trips through a voucher program. Passengers must pay any fare exceeding their \$20 voucher amount. Funding is provided by COLT through a grant from the Federal Transit Administration.

The Dial-A-Taxi program is operated by zTrip. All ride reservations and payments are made through zTrip.

DIAL-A-TAXI

SERVICE AVAILABLE 24/7

Reservations Are Accepted:
Monday - Sunday8am - 5pm

Reservations can be made up to 24 hours in advance of your trip.

Dial-A-Taxi trips must originate within the Dial-A-Ride (DAR) Service Area (see map) but can end anywhere. Return trips must have an origin trip, and must end within this area. Taxi fares apply after the \$20 subsidized limit is reached and passengers are responsible for the balance of the trip's expense. Trips are subject to availability by the taxicab operator.

Reservations can be made up to 24 hours in advance of your trip.

COLT is not responsible for Dial-A-Taxi trips or payment; COLT reimburses zTrip for vouchers used during Dial-A-Taxi trips.
